President's Report

Season 2020/21 was unlike any other. It will go down in League records as the season in which antibacterial spray and hand-sanitiser were as integral to our combined success as bat or glove.

Much like our beloved Mardi Gras Parade, the Sydney Outfielders' was one of the last season completions achieved prior to the onset of the pandemic, and one of the first to safely return on the other side. For that I count us immeasurably fortunate.

With the added strain and uncertainty brought by the pandemic to all aspects of life, we set our sights lower as a League this season. The social portfolio sat empty in the Committee, as Covid-19 Safety Plans took effect and dancing was outlawed nationwide.

Nonetheless, the Libby Stowe Memorial Trophy remained for the taking. While we were anticipating a dip in participation as a result of COVID-19, the League is thrilled to instead celebrate another year of growth. This year over 157 players took to the diamond on Robertson Road, with another 50 waitlisted for the opportunity. And over half of all registrations were by female-identifying players.

As a Committee we thank you all for the fun and friendship each of you brings to our League, and for making it the strong community it is today. We look forward to having the opportunity to put the social back into our social league in the coming seasons as vaccinations increase and we learn more about the virus.

But we also ask something of you too. Please seriously consider joining the Committee. The League cannot run on its own, nor on the blood, sweat and tears of a few. Only with many hands, and the diverse skills which you all possess, can our League grow and aspire to bigger and better things.

Finally, Sydney Outfielders would like to acknowledge and thank ACON for their continued support of our League and our community.

See you all out on the diamond!

Sarah

Treasurer's Report
